the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems, and the importance of the role of the community in this. The World Health Organization (WHO) has identified the need for a 'new paradigm' in mental health care, one that is based on the principles of recovery, self-help, and community support (WHO 1993). This paradigm is based on the idea that people with mental health problems can lead a full and meaningful life, and that they should be supported to do so. The WHO has identified a number of key principles for this paradigm, including: (1) the need for a focus on recovery, (2) the need for self-help, (3) the need for community support, and (4) the need for a focus on the individual's strengths and resources.

The WHO has also identified a number of key strategies for implementing this paradigm, including: (1) the need for a focus on recovery, (2) the need for self-help, (3) the need for community support, and (4) the need for a focus on the individual's strengths and resources. the first two, the third is a *de novo* mutation. The first two are inherited from the mother and the third from the father.

There are two types of mutation: point mutations and insertions/deletions. Point mutations are changes in a single nucleotide, while insertions/deletions are changes in the number of nucleotides.

Point mutations can be silent, missense, or nonsense. Silent mutations do not change the amino acid sequence, missense mutations change one amino acid, and nonsense mutations change one amino acid to a stop codon.

Insertions/deletions can be frameshift or in-frame. Frameshift mutations change the reading frame, while in-frame mutations do not.

Frameshift mutations can be caused by deletions or insertions of a number of nucleotides that is not a multiple of three. In-frame mutations are caused by deletions or insertions of a multiple of three nucleotides.

Frameshift mutations can be deleterious, but in-frame mutations are usually not. However, in-frame mutations can still be deleterious if they change the amino acid sequence in a critical region.

Frameshift mutations can also be caused by large deletions or insertions. Large deletions can remove a large portion of a gene, while large insertions can add a large portion of a gene.

Large deletions can be deleterious, but large insertions are usually not. However, large insertions can still be deleterious if they change the amino acid sequence in a critical region.

Large deletions can also be caused by large insertions. Large insertions can add a large portion of a gene, while large deletions can remove a large portion of a gene.

*Crowd watches half-time entertainment.*

*Mark Wireman joins his teammates.*

A rousing pep session in the afternoon fired up the student body, assuring a huge crowd for that night's big game.

Presentations at half-time included the Kougar marching band and drum corps, the class floats, and the queen and princess candidates and escorts.

Although they fought valiantly, the Kougars were unable to hold their own against a strong North Newton defense, losing 6-0.

Students spent the remainder of the evening dancing to the music of Kustom Deluxe.

## Same Ol' Routine!?!

Going back to school in the fall means going back to the routine of classes, breaking for lunch, and then more classes. Occasionally there is a break for extra-curricular activities. These "routine" photos show students during a typical day.

*Far right: Freshman Lori Lewis, is this following traditional school routine? Middle right: "Aw, not another paper to type," thinks senior Kayleen Nannenga. Right: Being in school can, once in a while, become boring as shown in senior Tina Holst's expression. Below left: Group photos are taken every year, offering a little variety to the everyday school routine. Middle left: Senior Diane Hoffman does what ever student does in class: talk to his neighbor. or lower left: Senior Rick Wetzel tries to get senior Karen Corbin's attention.*

## Seniors Dominate

PRACTICE! PRACTICE! PRACTICE!  
Many nights were spent after school in practice for both the senior and junior powder puff teams. Learning positions, plays, and defenses just barely touched the amount of preparing that went into the big game.

The night of the game arrived and the juniors met the seniors face-to-face on the playing field. At half-time, with the score tied at 0, the game was called because of a sudden storm and rescheduled for Thursday after school.

The seniors downed the juniors 14-0 in the last half, earning the award which senior coach Mr. Leo Hummel and senior captain Mimi DeBarge received at a later pep session. Coaching the juniors was Mr. John Thomas.

## Cheerleaders

Sponsor:  
Mrs. Leslie Myers

The varsity squad attended the USCA camp at Western Michigan University in Kalamazoo July 14-17. They received ribbons for outstanding performances of dance group and pom-pom routines.

They entered competition nationally during America's Youth on Parade '80 at Notre Dame and won honors in three categories. They were evaluated on variety, maneuvers, difficulty, presentation, appearance, and overall general effect.

The girls danced the pom-pom routine to the music "You Should Be Dancing" and the line dance to "Instant Relay". For both of these events, the squad won first place rankings and earned trophies and individual medals. Performing three cheers along with chants, they received a medal for second place in cheerleading ability.

The trophies and medals are the first major cheerleader awards ever to be placed in the KV trophy case.

.....

The freshman squad also attended a USCA camp held in Valparaiso. They received a plaque for being the most outstanding freshman squad at the camp. They also won four first place ribbons.

They then went to Grand Nationals in Michigan. They were the first squad from KV to ever make it that far in competition.

## Varsity Football

Coach, Mr. Tim Albert

"Injuries played a large role in our season this year. Bryan Leturgez was hurt on the first play of the Jamboree and wasn't able to play again until three games later. He then was reinjured in the fifth game and was out for two more. Dave Albritten missed two ballgames with a broken nose and Tucker VanKeppel could not play the entire season due to a knee injury suffered in the opening practice of the year. These people were potential All-Conference players and were missed dearly during their absence. Other players, however, some younger and some inexperienced, came on along with the seasoned veterans that we had left and gave yeoman performances. South Newton and North Newton were two games lost in the last minute by less than a touchdown. All in all, the four wins and six losses tie the 1971 team for the third best team in the school's history. The coaches and players are looking forward to the best season ever next year."

-Coach Tim Albert

.....

Senior Bryan Leturgez received a full scholarship to Purdue. Jim Jenkins received a four-year letter award for very outstanding achievement. In All-Conference Eric Green, defensive tackle, and Brian L'Huillier, linebacker, made the first team. On honorable mention were Troy Jabaay, offensive tackle, and Jim Jenkins, kicking specialist. Bruce Williamson won the Tackle Chart Award by accumulating the most tackles. Three year letter award winners were Bryan Leturgez, Brian L'Huillier, Gary Shirkey, Scott Jungles, Melvin Wireman, Scott Grevenstuk, and Troy Davis.

## Varsity Volleyball

### Coach: Deb Flynn

"The season was rather up and down. My goal is to get my team to play with confidence and aggressiveness. The girls must learn to take criticism along with the praise. This year's team began to show that confidence toward the end of the season. Hopefully, we can begin the season with the confidence and aggressiveness necessary to become a winner.

Probably our best season game was against Crown Point. The girls played with more enthusiasm and confidence than they had all season. They served well and were "digging" up over 75% of Crown Point's spikes and dinks. The girls finished the season by placing second in the sectional against last year's sectional winner-Hebron. They played very well in the sectional. However, the championship match found them rather tense and somewhat intimidated by Hebron.

We have a good looking eighth grade team moving up next year. Plus, the JV team from this past season had an excellent record. Therefore, I'm expecting a much better season next year." Coach Deb Flynn

This year's captains were Maria Pierce and Mary Longstreth. Seniors on the team were Maria Pierce, Mary Longstreth, Debbie Kingma, Tammy Anderson, and Cheryl DeVries.

Awards were given as follows:

MOST IMPROVED-Michele Brown  
MOST VALUABLE-Michelle Manns  
ACE SERVER-Maria Pierce

# JV & 9 Volleyball

JV Coach-Bill Koslovsky  
Freshman Coach • Judy Huke

"The girls were tremendous to work with. Our major problem was a time lapse factor. We had only six matches, and so we had some weeks with no games at all. I know it was hard for the girls to stay up with so little competition. Hard practices with little gratification in between makes for a long season."—Coach Huke

.....

This year's freshmen team, led by team captains Kathy Kros and Debbie Wetzell, had a seasonal record of 2-5. Conference record was 0-4. They had a 56% serving average and a 49% serve reception average. Kathy Kros led with the most ace serves—19 all season. Lynette Nannenga was close behind with 18. Lisa Helms led in serve percentages with 63%. Cheryl Kuplainen led in serve reception percentages with 56%. A great game was played against Hanover Central with the KV girls winning in two games 15-5 and 15-12. A top performance was seen in the game against Thomas Jefferson. Five freshmen played on the JV team all season. One played on the varsity level—Bobbi Cox.

**Coach Gene Miller**

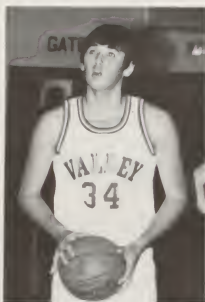

"The game that I'll remember most is the championship game of the regional. The team played hard and well in earning the school's first regional championship.

"The game that cost the Kougars an undefeated regular season will not be soon forgotten. Highland won the exciting and pressure filled game on a 55 ft. shot at the buzzer. Both teams played well in what could have been the most exciting game in the state in 1980-81.

"All of the players on the 1980-81 season were exceptional in their own right. Each did his job to make it a very successful season. The three seniors finished out a tremendous 3 year career that included 56 wins, 3 sectionals, 2 conferences, 2 holiday tournaments, and 1 regional championship, as well as being rated in the top 20 for two consecutive years."—Coach Gene Miller

"It was a long season as the A-Team finished 2-16 and the B-Team finished 2-5. Many times it simply was making mistakes when they could hurt the most."

Two players were moved up to the Junior Varsity-Dave Kampenga and Mike Hudson - Coach Metzger

A new school record (19-1) was set by the 1981 JV Kougar team. They also were the champs of the Christmas tourney

Coach Gross comments on his team: "As a team, we outscored our opponents on the average by 18 points per game, and we also held them under 30 points 8 times."

"Along with setting a new school record for wins and losses, this year we achieved much more excellent team defense, outrebounded, shot more accurately, and passed the ball better than any other team we played. All these skills will benefit all the young men for play at the varsity level next year." - Coach Bob Gross

## SEASON RECORDS:

**Invitationals**  
6th-10th Newton  
13rd Kinsler  
4th Winamac  
Conference-3rd  
Sectional-13th

Our first match was the lowest score all year (164). Scott Elisha had the individual record for nine holes, shooting a 36 at Sandy Pines. Everyone who scored counted in Conference and Invitational tournaments for being in the top 15. The sectional scores were 104.

For the most part during this season we played within our limitations. Hopefully the players learned a little more about themselves and what they are going to take on next year. Coach Leo Hummel

*Top: The Kougars were the sectional and regional champions in 1981. Above left: Scott Ganzefeld looks around his opponent to find one of his teammates. Above: Greg Jones makes an attempt at a basket. Left: Mark Chapman concentrates on the basket before he shoots his practice free throw.*

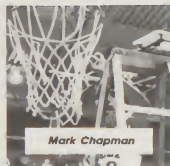

According to Coach Gene Miller, the regional was a culmination of many hours of hard work over the past two years. The win was KV's first regional championship and one of the most exciting days in the lives of the participants.

"Everyone expected us to win the sectional again," said Miller. "but few expected us to do it so easily." The team, he added, played better than it had to. He said of Hanover Central: "They refused to play basketball even when they were behind by as many as twenty points." The Kougars "coasted" by the Bombers, and the championship game was the best they played all year. It was their third consecutive sectional win and the fourth in the past five years.

The game they played at semi-state was a great experience for the team even though they lost, said Miller. "The guys played very well all season, and we have every reason in the world to be proud of our basketball team," Miller said.

Top left: You can tell by the look on his face that Mike Sytsma enjoys basketball. Top right: Captain Mitch VanKley, Brian Jonkman, and other team members rejoice in their sectional win. My whole staff for their help, work and long hours put into a job well done-Heidi, Gretchen, Ruth, Celia, Kim, Susan, Kathy, Brandt, and Scott;

Mrs. Brown, our sponsor, because without her, we wouldn't have been able to put this yearbook together;

All the coaches, teachers, administrators and students who helped in picture identification and copy;

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.2 million (Office of National Statistics 1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to older people and the actions that will be taken to improve their lives. The strategy is based on the following principles: older people should be able to live independently, safely and comfortably; older people should be able to participate in the community; older people should be able to access the services and support they need; and older people should be able to live in the place of their choice. The strategy is a key document for the development of services for older people in the UK.
